## AirIT VoIP telephone connections

### SIP telephone connection with Germany flat rate:

Standard connection with one call channel and two phone numbers. Unlimited calls to the German landline (national, special numbers excluded).

- Telephony upgrade** for € 4.99 per month  
Second call channel incl. Germany flat rate and extension to up to 10 phone numbers
- Itemized bill** for € 0.00 per month
  - Condensed statement** for € 0.00 per month  
The subscriber declares to inform all current and future co-users about the disclosure of traffic data.
- Number suppression (CLIR)** for € 0.00 per month  
The display of the caller's phone number is suppressed.
- Telephone book entry** for € 0.00

## Service and other

- Installation service** for one-time € 79.00 <sup>3</sup>  
Personal on-site installation of the router provided by AirIT.
- Invoice dispatch by mail** for € 2.95 per month  
Transmission of the monthly invoice data by mail.

<sup>1</sup> These rates include an asymmetric internet connection with internet flat rate and a SIP telephone connection (one call channel with two phone numbers) incl. Germany flat rate (national, special numbers excluded). The notice period is 3 months to the day at the end of the term. Without notice, the contract is tacitly extended and can then be terminated at any time with one month's notice to the day.

<sup>2</sup> The hardware is provided on a rental basis and must be returned to AirIT after termination of the contract. If no pre-configured router from AirIT is desired, but an own router is to be set up and used independently, AirIT cannot guarantee a successful connection. Not every model is suitable for this connection.

<sup>3</sup> The installation service can only be booked if the router is also purchased from AirIT. It includes the installation of the components provided by AirIT, including journey. A functioning house wiring is required.

<sup>4</sup> Telephone number portability is only possible within the same local network. If you move to a different area code, it is unfortunately not possible to transfer numbers.

<sup>5</sup> With the standard connection you can take over up to two phone numbers, with a telephony upgrade up to 10 phone numbers.

The availability and bandwidth of the products depends on the location and must be checked. All price quotations are inclusive of the applicable value-added tax. The General Terms and Conditions of AirIT Services GmbH apply (<https://privatkunden.airit.de/agb>).
